

What we do

An assessment, referral and resource service for alcohol and other drug treatment. Offering an initial interview, usually by telephone which may lead to one of the following:

- short term 1:1 counselling (brief intervention)
- self-help information
- support/education groups
- peer support
- detox options
- intensive treatment options (Residential and day programmes)

Information and resources for families and professionals is available.

Self referrals accepted via telephone and email

Referrals accepted from GPs and other community agencies via post, fax and email

Ph: 03 338 4437
